Our September 6th Lunch-and-Learn Speaker

Anthony Chiarello

President & CEO / TOTE

Anthony Chiarello, a fourth generation industry veteran with more than 37 years experience in transportation and logistics, is the President and CEO of TOTE. Chiarello, who joined TOTE (formerly American Shipping Group) in August of 2010, was previously COO and executive vice president of NYK Logistics (Americas), Inc.

TOTE announced in 2012 it would be the first in the nation to convert two of its vessels operating in the Alaska trade to run on liquefied natural gas (LNG). Simultaneous with that conversion, which is estimated to complete in 2020, the company recently received delivery of the first LNG-powered container-ships in the world which are serving the Puerto Rico trade.

TOTE is excited to lead the U.S. maritime industry toward alternative fuels, virtually eliminating emissions and exceeding all environmental standards in its trade routes along U.S. coastlines.
