

SonoSite, Inc. (www.sonosite.com) is the innovator and world leader in bedside and point-of-care ultrasound and an industry leader in ultra high-frequency micro-ultrasound technology and impedance cardiography equipment. Headquartered near Seattle, the company is represented by fourteen subsidiaries and a global distribution network in over 100 countries. SonoSite's small, lightweight systems are expanding the use of ultrasound across the clinical spectrum by cost-effectively bringing high-performance ultrasound to the point of patient care.

Traffic Manager

This is a professional non-supervisory position which manages the risks, costs and processes associated with international and domestic transportation for the corporation, including rate negotiations, carrier selection and import/export compliance.

The ideal candidate will be serving as the company point of contact for transportation-related questions from internal and external customers, carriers and brokers. Provide guidance on carrier and service level selection to multiple departments including planning, sales, customer service, finance and manufacturing to ensure cost effective shipping while meeting or exceeding customer service.

We require a 4 year college degree preferably in logistics, transportation or international studies. 10 years of transportation related experience, supporting ISO-certified and lean manufacturing preferred. Must have a U.S Customs Broker license, HAZMAT certification, DOT and IATA preferred. Must be familiar with regulatory guidelines included in 49 CFR, 19 CFR, BIS, EAR, HTS etc.

Visit us today to learn more about our exciting technologies and how you can make a difference. To apply and obtain further details regarding key responsibilities and experience requirements, check out our careers page at www.SonoSite.com/about/careers.

SonoSite is an equal opportunity employer and strongly supports diversity in the workplace.
